

Financial Institutions Treasury Management

2018

A joint initiative of the Finance and Treasury Association and KPMG

Course Overview

The Financial Institutions Treasury Management course is designed to provide hands-on training to executives and management in either large or small banks, credit unions, building societies or other non-bank financial institutions.

The course assists participants to:

- identify and develop key strategies for treasury management
- understand the application and valuation of financial instruments
- attain familiarity with the practical requirements of the accounting standards AASB 139 and AASB 9
- apply the principles in a half day case study
- network with other finance and treasury practitioners
- the course will also provide an update on the current conditions in capital markets and bank debt markets.

Who Should Attend?

- treasury staff
- treasury risk managers
- middle office staff
- back office staff
- finance managers
- internal Auditors

Testimonials from Participants

“Gave me a greater understanding of the concepts, conventions and overall management of a treasury operation.”

“The content was relevant and was what I expected. The case study was a perfect way to finish it up.”

“Found this course excellent and content broad to cover relevant aspects of treasury.”

“Highly valuable experience of presenters with practical examples and stories.”

“Thorough content, with good course notes. Really well delivered.”

Why do the Financial Institutions Treasury Management course?

This course is designed for current practitioners and for those interested in working in treasury management.

The course provides a holistic understanding of treasury management from first principles and introduces participants, in an intuitive manner, to the concepts and logic that underpin financial risk management, financial instruments and derivatives.

Designed and presented by facilitators from a premier professional services firm - with treasury management expertise and personal examples gathered over decades.

A stimulating and interactive course that provides the opportunity to explore your ideas and knowledge and gain pragmatic insights into how others are managing financial risks.

Pre-requisites

The course aims is to provide a working knowledge and overview of treasury and financial risk concepts. While participants will not be expected to use a calculator or personally undertake any mathematical calculations, supporting calculations will be intuitively explained so as to reinforce the key drivers of Treasury Management decisions. Formulas will also be provided as part of the notes for those wishing to explore this area in greater depth post program delivery.

Book and pay four weeks prior to the commencement of the course to receive the discounted Early Bird Fee.

About KPMG Treasury Services

KPMG Treasury Services team focuses on providing services to corporate and government treasury functions as well as non-bank financial institutions. This includes both advisory services as well as treasury outsourcing such as execution, recording and accounting for treasury transactions. This provides the Treasury Services team with a uniquely wide perspective in terms of various organisation's approach to the management of financial risks as well as the condition of various financial markets.

About the Finance and Treasury Association (FTA)

FTA is the peak professional membership body in Australia that represents finance and treasury professionals providing support, leadership and encouragement. It offers valuable opportunities for continuing professional development and a network of like-minded professionals to share knowledge and experience in the treasury and financial risk management areas.

Finance and Treasury Association (FTA) reserves the right to cancel any course that does not have the required enrolment numbers or in the event of exceptional circumstances. A full refund or alternative courses will be offered in these circumstances.

Cancellation Policy

A full refund will be granted if the applicant notifies FTA prior to 10 working days of the commencement of the program.

If the notice of cancellation is less than 10 working days a 50% refund will be granted.

If the notice of cancellation is received on or after the course commencement date or less than five working days prior, the fees will not be refunded.

Another person may be nominated in place of the applicant.
